

Dear Dr. Henney,

I am writing to express my concern over the  
FDA's regulation of genetically engineered  
(GE) food, to ask that the agency's current  
policies be changed, and to support all the  
points in docket #00P-1211/CP1

- ☒ All GE Foods should be labeled so I am  
informed and have a choice.
- ☒ GE Foods should not be assumed to be  
"generally recognized as safe" and should  
have mandatory pre-market safety testing
- ☒ There should be a moratorium on GE  
Foods until long-term studies show they are  
safe for human health and the environment.
